

Payment by Credit Card

If you make the payment by credit card, your card will be charged when we take the order.

If any of the items on your order are sold out, or there is any kind of incident at the time of shipping, we will return the corresponding amount to your credit card within 30 days.

For payments made with cards issued outside Spain, the issuing bank must accept the "Comercio Electrónico Seguro (CES)" (Verified by Visa or MasterCard Secure Code) security protocol.

Payments with cards that do not comply with this requirement will not be accepted.

Triana Science & Technology reserve the right to reject any transaction carried out with a credit card. In this case we will refund the payment to the original card. In these cases, if the customer is interested in the purchase of the items, we will ask for a bank transfer to be made.

Payment by Bank Transfer

A bank transfer can be made to the following account (amounts in €):

Transferee: Triana Science & Technology

Bank: Caja Granada

Account Number: 2031 0360 58 0115173503

IBAN: ES08 2031 0360 5801 1517 3503

Swift: CECAESMM031

It is very important that in the SENDER or TRANSFERER field you enter the order number and your first name and surname. You have 7 working days to make the transfer after placing your order. Once our bank receives confirmation of the deposit, we will process your order.

The delivery periods start from this date.
